Dear Todd Smith and Adjusters International,

On behalf of Calvary Chapel of the West River Valley I would like to take this time to say thank you to Todd Smith and the whole team of Adjusters International, for the way you steered us through the maze of insurance policies and phraseologies that we would have never understood or even would have known existed.

Through your professional and very courteous manner, in how you administrated our claim, we were able to secure the settlement needed for the complete repairs on our building, which I know we would not have received, if it had not been for you, you were to us a "God send" and we thank you very much.

Todd, I will highly recommend you and the "whole team" of Adjusters International to anyone I know that may need the help we needed, and please feel free to use my name and the pictures on our church web sight as a reference, at any time and to anyone that may require your services.

May God bless you, and with many thanks,

Ronald Millette

Pastor, Calvary Chapel of the West River Valley
