June 5, 2020

Hi Ralph,

I feel extremely lucky to have been referred to you! When Amherst had to close due to electrical fire, in the middle of a remodel, I was so worried!

Your team flew out and started giving instructions from the start. I knew I was in great hands.

Because of you and your team's leadership, diligence, and knowledge, we were able to recoup the entire cost of replacing all the electric in an old store that had many issues as well as get a great price for what we lost from being closed for a month.

I couldn't recommend you and your team enough for someone going through challenges like this.

Sincerely,

Sean Bauer
