Rockville, MD 20852

Dear Harvey,

I am writing to thank you and your associates for the excellent work your organization provided to the Boomer Esiason Foundation resulting from the devastating events of September 11th which resulted in major property damage, interruption of fundraising operations and of more significance, the personal loss the Foundation endured.

We knew that dealing with the insurance company was way beyond our area of expertise and gratefully handed all aspects of the claims process over to Goodman-Gable-Gould/Adjusters International. Losses like these are always draining on the resources of an organization and your company's ability to not only help us understand the process but also provide invaluable support so that we could move on with our day-to-day operations.

We would not hesitate recommending Goodman-Gable-Gould/Adjusters International and would be more than happy to speak with any prospective clients about our satisfaction with the services provided by Goodman-Gable-Gould/Adjusters International.

Sincerely,

A handwritten signature in cursive script that reads "Ronald J. Rubin" followed by a stylized flourish that appears to be "aw".
