Dear Harvey:

Now that we have reached a settlement with our insurance company, we wish to thank you for your most generous and competent services on our behalf. We are indebted to you.

Your study of our situation vis-à-vis the school's insurance policy gave us a sense of confidence and steadfast determination to do whatever was necessary to reach an equitable settlement.

There is no doubt in our minds that you bring to any insurance settlement a high level of expertise in understanding all aspects of an insurance policy and its sometimes hidden agenda. This skill, when complemented by an ability to translate policy terms into a language which is understandable to those not so well-versed in the intricacies of insurance policies, proved invaluable to us.

Georgetown Visitation underwent an extraordinary loss when its main academic building was totally destroyed by fire and its aftermath. Your ability to assess the scope of the loss as well as to determine our rights in asserting our claim made a huge difference in our dealings with the insurance company. For this we shall be eternally grateful. Please feel free to call upon us to recommend your services to any future client. We are a most satisfied customer!

Gratefully,  

Sister Mary Berchmans Hannan  
President
