CPPA-Vice President

Dear Lawrence,

This is to thank you for the outstanding job your organization did on settling our claim.

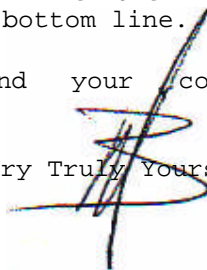

From the morning of the fire, when James Roof walked in the door, to your Appraiser Team, headed by Richard Lewis, and the on going work, that to me seemed almost daily by Christopher Maus, we applaud you again, and again.

Your company demonstrated a professionalism that was very supporting to us, the lossee.

In spite of the disaster, 1990 was a good year for MAF Inc., and the decision to hire the Three G's. was one of the best we made for our bottom line.

I would highly recommend your company to anyone suffering this kind of loss.

Very Truly Yours,

B.J. Mason, C.E.O.
